Hello Michele,

The AE link in the website now includes McCool. Thanks.

Jerry

Subject: McCool Ranch Field Aquifer Exemption Request and Approval PDF

Hi Jerry,

I had another question - we can most likely cover this at some point during our meeting next week. I was looking through the EPA files and found an approved exemption for McCool Ranch – see attached scanned file. I did not see this exemption is on the DOGGR website as one of the two post-primacy exemptions. Lets' discuss next week.

Thanks, Michele
